1. Call to Order.

Chair Connolly began the conference call at approximately 12:05 p.m. Central Time.

2. Purpose of Meeting.

The purpose of this conference call was to discuss the public comments that will be presented on the items that were disapproved.

de how to approach the public comments discuss the proposed modifications prepared by Chair Connolly for submission at the Code Hearings.

3. Discussion.

Chair Connolly had developed a strategy on these items including the reasons given for disapproval. (ATTACHMENT #1).

G7 Part I (Fire Command Center) – Public Comment AMPC
See comments in Attachment #1.

Include the floor amendment presented in Orlando to address the video camera required at the top of the elevator hoistway. Explain the technology of monitoring multiple video feeds is available and is currently being used.

G7 Part II (Fire Command Center) – Public Comment AMPC

See comments in Attachment #1.

Committee chose to retain the 2 hour fire resistance rating.

F220 (Fuel Oil Storage) – Public Comment AMPC

See comments in Attachment #1.

F221 (Redundant Fire Protection) – Public Comment AMPC

See comments in Attachment #1.

Make the proposal more performance in nature.

F135 (Fire Code Egress Markings) – No Public Comment

See comments in Attachment #1.

G69 (Burnout) - Public Comment AMPC (ATTACHMENT #2)

See comments in Attachment #1.

Discussion regarding section 1701.3.15 which may not be the appropriate section and the word “analyzed” may not be the correct word.

G71 (Additional Stair) – Public Comment AS

See comments in Attachment #1.

G72 (Remoteness of Stairs) - Public Comment AMPC (ATTACHMENT #3)

See comments in Attachment #1.

E137 (Stairway Continuity) - Public Comment AMPC (ATTACHMENT #4)

See comments in Attachment #1.

The issue is really “transfer confusion”, not distance of travel in the transfer corridor. Should require signage, limitation on number of times there is a change in direction, length, and floor markings. Reference to section 1021 may also needed.

E84 (Exit Path Markings) - Public Comment AMPC (ATTACHMENT #5)

See comments in Attachment #1.

This may require path marking across a lobby. Perhaps the text “other than at the level of exit discharge” should be added.

S5 (Disproportionate Collapse) – Public Comment AMPC

See comments in Attachment #1.

G73 (Stairway Integrity) - Public Comment AMPC (ATTACHMENT #6)

See comments in Attachment #1.

4. Next Step.

Chair Connolly will forward the remaining public comments to the committee for review the first part of next week. If any committee member has any issues, they will contact staff who will set up a conference call to discuss the issues.

Motion Carried to support the public comments submitted.

Staff will notify if FS100 and/or G68 receive a public comment.

5. Other Business.

What does the committee intend to accomplish over this year? Develop thoughts regarding additional items that should be addressed by this committee.

6. Adjournment.

The conference call was adjourned at approximately 1:15 p.m. Central Time.
