

# ICC HAZARD ABATEMENT FOR EXISTING BUILDINGS CODE DRAFTING COMMITTEE

The second meeting of the ICC Hazard Abatement for Existing Buildings Code Drafting Committee will be held on July 27<sup>th</sup> & 28<sup>th</sup>, 2005.

---

## - MEETING NOTICE -

---

The meeting will be July 27<sup>th</sup> & 28<sup>th</sup>, 2005:

**International Code Council, Inc.  
Chicago District Office  
4051 West Flossmoor Road  
Country Club Hills, IL 60478**

July 27<sup>th</sup>: 8:00 am to 5:00 pm  
July 28<sup>th</sup>: 8:00 am to 2:00 pm

The ICC Board approved the development of code requirements with the scope including a compilation of current provisions in the I-Codes which address hazards such as those from fire as well as the development of new requirements relative to issues such as hazardous conditions due to structural issues. This would provide a single source of requirements for all disciplines to be used by building owners to bring their existing building stock up to minimum standards and enforcing agencies when performing inspections of existing buildings.

The agenda for this second meeting will be posted on the ICC website, [www.iccsafe.org](http://www.iccsafe.org).

This meeting is open to the public. If you plan on attending the meeting, please contact Edward Wirtschoreck, Committee Secretary. Attendance numbers are needed to secure appropriate accommodations.
