

FINAL ACTION AGENDA SCHEDULE

Monday, May 17, 2004:8:00 a.m. - 8:00 p.m.

Tuesday, May 18, 2004:8:00 a.m. - 8:00 p.m.

Wednesday, May 19, 2004:8:00 a.m. - 8:00 p.m.

Thursday, May 20, 2004:8:00 a.m. - 8:00 p.m.

NOTE: Start and finish times may be adjusted to complete the agenda.

CONSENT AGENDA

The Final Action Consent Agenda consists of proposals which have neither an assembly action nor public comments. The Final Action Consent Agenda will be placed before the assembly with a single motion for final action in accordance with the results of the Code Development Hearing.

INDIVIDUAL CONSIDERATION AGENDA

The Final Action Individual Consideration Agenda is comprised of proposals which have an assembly action or public comment. This includes code changes which affect only one code (i.e. P8-03/04) and code changes which affect multiple codes and were considered individually at the Code Development Hearings by the respective Code Committee (i.e. P4-03/04). Where a public comment was submitted to both parts of the code change proposal (i.e. P4-03/04), the code change is heard with the code in which the proposal was originally published, but each public comment is considered separately. In some cases, code change proposals which affect multiple codes received a public comment to only one code (i.e. G128-03/04). In such cases, the public comment to the code change is heard with the code that is the subject of the public comment (in this case, the IRC-B/E). All proposed changes on the Individual Consideration Agenda shall be placed before the assembly for individual consideration of each item. The hearing order is found on page xii and the agenda starts on page 1.

**TENTATIVE HEARING ORDER
FOR EACH INDIVIDUAL CONSIDERATION AGENDA**

Note: Code changes to be heard out of numerical order or to be heard with a different code designation are indented. Be sure to review the cross index on page xiv for code changes which affect codes other than those under their respective code change number prefix.
