# PREFACE

## Final Legislative Draft

This Final Legislative Text Draft is a complete Draft that incorporates all of the changes for the 2003 edition of A117.1 proposed by the A117 Committee through the May 2003 meeting and final ballot. The final changes are shown in underline and strike-out legislative text. At the end of each section are the Proposal, Comment, or FCA number(s) that created the change. Please consult the PPR (Public Proposal Report), the PCR (Public Comments Report), or the FCR (Final Committee Report) for information on the change.

The A117 Committee Task Group on Editorial Changes (TGEC) has also made editorial changes. These changes are indicated by "**TGEC**" at the end of the section. These changes are considered editorial in nature and are not considered substantive. You should refer to the *Composite List of TGEC Changes* to discern the changes made by the TGEC. The *Composite List of TGEC Changes* includes the TGEC changes shown in Draft #c (FCA-119 in the FCR), and those editorial changes made after the final FCA Ballot.

The International Units of Measurement (metric) may not be shown correctly in this document. Please refer to the First Printing of ICC/ANSI A117.1-2003 for the correct conversions.

In most cases the use of the term "Section XXX.X.X.X through ~~XXX.X.X.X~~" has been changed to only reference the main section or subsection. In addition Section 104.5 has been added by the TGEC to indicate that, unless specifically stated otherwise, the reference to the main section or subsection includes all subsections of the section or subsection.

An attempt has been made to have the final section numbers and referenced section numbers in this Legislative Draft correspond to the numbers of the 2003 edition. In most cases the section number of the 1998 edition is shown in strike-out text. Section numbers referenced in a section has been changed to reflect the reference for the 2003 edition. In this case the 1998 edition referenced section numbers or Table numbers is not shown in strike-out text.
