ICC Standard on Hurricane Resistant Construction - Call for Public Proposals -

Public Proposals are now being accepted for first edition of the ICC Standard for Hurricane Resistant Construction. The basis for Public Proposals is the 1999 edition of the SBCCI SST-10 Standard for Hurricane Resistant Residential Construction.

Download the ICC Standard for Hurricane Resistant Construction from the ICC website
<http://www.iccsafe.org/cs/standards/is-hrc/SSTD10/index.html>

Proposals are due March 8, 2004.

Proposals are due to ICC on or before March 8, 2004. ICC prefers to receive all submittals of Public Proposals and Public Comments as a document(s) attached to an e-mail. If at all possible, please do not mail or fax your submittals. Please send your Proposals via e-mail to dbowman@iccsafe.org. Public Proposal forms can be obtained off of the ICC website at <http://www.iccsafe.org/cs/standards/publicforms.html>, or by contacting:

International Code Council, Inc.
Chicago District Office
4051 W. Flossmoor Road
Country Club Hills, IL 60478-5795

The ICC, a 50,000-member association dedicated to building safety, develops the codes used to construct residential and commercial buildings, including homes and schools. The majority of U.S. cities, counties and states that adopt codes choose building safety and fire prevention codes developed by the ICC.
