

SC Approval Date: November 14, 2002

Consensus Committee (CC) Title:

The Consensus Committee (CC) on Hurricane Resistant Construction (IS-HRC)

IS-HRC CC SCOPE:

The Consensus Committee (CC) on Hurricane Resistant Construction (IS-HRC) shall have primary responsibility for minimum requirements to safeguard the public health, safety and general welfare through requirements for buildings and other structures sited in hurricane prone areas. The requirements contained in the International Codes pertaining to these situations shall be incorporated into the standards developed by the IS-HRC CC.

TITLE OF STANDARD:

Standard on Hurricane Resistant Construction

ANSI PINS: Scope Summary or Abstract of Project:

The *Standard for Hurricane Resistant Construction* will specify prescriptive methodologies of wind resistant design and construction details for buildings and other structures of wood framed, steel framed, concrete, or masonry construction sited in hurricane prone areas. This standard will provide prescriptive details for walls, floors, roofs, foundations, windows, doors, and other applicable components of construction.
