ICC Standard on Manufactured Housing Construction and Safety

- Call for Public Proposals -

Public Proposals are now being accepted for revisions to ICC/ANSI 2.0-1998 Manufactured Housing and Construction and Safety Standards (MHCSS). The basis for Public Proposals is the 1998 edition of the ICC MHCSS. In addition to the provisions currently contained in the 1998 edition, the content of this standard will be expanded to include provisions on the installation of manufactured homes.

Proposals are due December 15, 2003.

Proposals are due to ICC on or before December 15, 2003. ICC prefers to receive all submittals of Public Proposals and Public Comments as a document(s) attached to an e-mail. If at all possible, please do not mail or fax your submittals. Please send your Proposals via e-mail to lbrown@iccsafe.org. Public Proposal forms can be obtained off of the ICC web site at <http://www.iccsafe.org/standards/bforms.html>, or by contacting:

The ICC, a 50,000-member association dedicated to building safety, develops the codes used to construct residential and commercial buildings, including homes and schools. The majority of U.S. cities, counties and states that adopt codes choose building safety and fire prevention codes developed by the ICC.
