

CP #11-03 COMMITTEE INTERPRETATIONS ON INTERNATIONAL CODE PROVISIONS

Approved: 1/17/2004
Revised: 5/05/2008

1.0 Interpretations Committees

- 1.1 Purpose:** The purpose of the ICC Interpretation Committees is to process Committee Interpretations for the various codes published by the International Code Council. Committee Interpretations represent the official position of the International Code Council. The final authority of code Interpretations is the responsibility of the code official. This policy is not intended to obligate the final decision made by the code official.
- 1.2 Membership:** Each International Code has an Interpretation Committee appointed by the applicable council in accordance with Council Policy # 9-03, Councils.
- 1.3 Responsibilities.** The responsibilities of the Interpretation Committees are:
1. To review and ballot the Interpretations in accordance with the procedures herein, and
 2. To sponsor proposed code changes to the ICC International Codes where necessary to clarify text of the codes based on Interpretations considered by the Interpretations Committees.
- 1.4 Secretariat:** The Interpretations Committees shall have a single Secretariat appointed by the CEO. All correspondence relating to Committee Interpretations of International Codes shall be directed to the Secretariat. The Secretariat shall be responsible for the processing of Interpretation requests, distribution of approved Interpretations, submitting of proposed code changes, compilation and printing of the ICC Interpretations Manual, and any other related tasks as necessary.

2.0 Submittal of Committee Interpretation Requests

- 2.1 Intent:** Any ICC Member may submit a request for a Committee Interpretation, which will be duly considered when in conformance with these rules of procedure.
- 2.2 Form and Content:** Interpretation requests shall be submitted in writing to the Secretariat. Questions should be written in such a form that they can be answered either yes or no. Each request shall be clearly identified with name, company name, mailing address, e-mail address, telephone number and ICC Membership Number of the requesting party. Questions not clearly phrased will be rewritten by the Secretariat for accuracy and conciseness, subject to review by the party requesting the Interpretation.
- 2.3 Code Reference:** Interpretation requests shall identify the publication year of the International Code in question. The two most recent editions of an International Code are eligible for Interpretation. Questions shall address one or more specific code sections. Questions addressing separate topics shall be clearly identified as such.

- 2.4 Limitations:** Committee Interpretations are intended to clarify issues which are not addressed directly by the literal text of the ICC International Codes and are interpretive in nature. A request for a Committee Interpretation will not be processed if it involves:
1. a determination of compliance of a specific product, design or installation;
 2. a determination of compliance of an equivalency of protection;
 3. a specific construction project;
 4. judgment or knowledge not readily available in the written request or which can only be acquired as a result of an on-site inspection, or
 5. code text that clearly provides the requested information.

3.0 Processing of Committee Interpretation Requests

- 3.1 Intent:** Processing of Interpretation requests is intended to provide that each request complies with these procedures, that the Interpretation reflects the intent of the code, and that the Interpretation is processed in a timely manner.
- 3.2 Preparation:** The Secretariat processes each request, providing answers and reasons for the answers to the Interpretation questions, and distributes the request to the Secretariat for the applicable code development committee for review and comment. The Secretariat shall include any written comments with the draft response and submit to the Committee for their deliberation and ballot.
- 3.3 Member Review:** Each proposed Committee Interpretation shall be posted on the ICC website for ICC Membership review and comment for a period of 30 calendar days. All member comments shall be sent to the Secretariat in writing, and shall be forwarded to the Committee.
- 3.4 Ballot Return:** Committee members must vote approval or disapproval and return the ballot within 20 calendar days from time of receipt. A disapproval vote of the Interpretation must be accompanied by the reason for disapproval and a revised draft response correcting the perceived deficiency. Ballots not returned to the Secretariat within the designated time shall be considered approved.

4.0 Committee Balloting

- 4.1 First Ballot:** A unanimous approval vote by the Committee is required for the Interpretation to be approved on the first ballot. If one or more committee member votes for disapproval on the first ballot, the Interpretation request is returned to the Committee for re-balloting.
- 4.2 Second Ballot:** After due consideration of the dissenting comments, the Secretariat will revise the interpretation. The Secretariat will circulate the first ballot's reason(s) for disapproval and the revised interpretation for balloting by the Committee to approve or disapprove the revised interpretation. Approval votes by not less than sixty seven percent (67%) of the Committee for the revised interpretation or the original (first ballot) interpretation are required on the second ballot for acceptance. If less than sixty seven percent (67%) of the Committee votes for approval, the Interpretation request shall be considered unresolved pending action in 4.3.
- 4.3 Unresolved Interpretations:** The Secretariat shall notify the requesting party, citing the negative comments as reason for failure to achieve Committee consensus, and a Committee Interpretation shall not be issued.

5.0 Publication

- 5.1 Interpretation Publication:** Committee Interpretations shall be compiled annually by the Secretariat and submitted for publication. An ICC Interpretations Manual shall be published triennially.
