

February 8, 2010

Dear Mr. Dominic Sims:

As the recognized leader in energy performance standards, rating and certification programs for fenestration products the National Fenestration Rating Council (NFRC) supports the International Code Council's (ICC) mission to provide the highest quality codes, standards, products and services for all concerned with the safety and performance of the built environment.

Furthermore, NFRC is a proud member of the ICC and strives to assist the organization in its protection of the health, safety, and welfare of people by creating safe buildings and communities.

Sincerely,

James C. Benney, CAE
Chief Executive Officer
NFRC
