

IMPORTANT! Before breaking this seal, please read the licensing agreement below.

The enclosed software is licensed by the International Code Council (ICC) and Intermedia Design Systems, Inc. (IDS) to users for their use only on the terms set out below.

Single-User License: The end-user is granted a limited, non-exclusive license to install and maintain the software on one computer at any time.

Network/Site License: The end user is entitled to install software on one network server or on the computers at one company location. Installation on more than one server or more than one location will constitute a violation of this agreement.

Organizational License: The end user is entitled to install software on a network(s) and/or computer(s) in more than one company location based upon terms and conditions provided by IDS and agreed upon by user.

Copyright: The enclosed software is copyrighted by the International Code Conference and Intermedia Design Systems, Inc. You may not copy or otherwise reproduce the software or any portion thereof except as expressly provided in this license agreement. You may, however, make backup copies as required for your own use provided that you reproduce all copyright notices and other proprietary legends on such copies.

Limited Warranty: The ICC and IDS warrant the disks on which the software is recorded to be free from defects in materials and faulty workmanship under normal use for a period of 90 days after the date of original purchase. If, during this period of time, a defect in the disk should occur, the disk may be returned and will be replaced without charge.

Except as expressly provided above for media, the ICC and IDS make no warranties either expressed or implied with respect to the software, its merchantability or its fitness for a particular purposes. The software is sold on an "as is" basis. In no event will the ICC or IDS be liable for direct, indirect, incidental or consequential damages resulting from any defect in the software even if they have been advised of the possibility of such damage.
