APPENDIX G FLOOD-RESISTANT CONSTRUCTION

G105.1 General. The *board of appeals* established pursuant to Section ~~442~~ 113 shall hear and decide requests for variances. The *board of appeals* shall base its determination on technical justifications, and has the right to attach such conditions to variances as it deems necessary to further the purposes and objectives of this appendix and Section 1612.

G801.4 Retaining walls, sidewalks and driveways. Retaining walls, sidewalks and driveways shall meet the requirements of Section ~~1804.4~~ 1803.4.

APPENDIX G

FLOOD-RESISTANT CONSTRUCTION

G401.3 Sewer facilities. All new or replaced sanitary sewer facilities, private sewage treatment plants (including all pumping stations and collector systems) and on-site waste disposal systems shall be designed in accordance with Chapter 7 8, ASCE 24, to minimize or eliminate infiltration of floodwaters into the facilities and discharge from the facilities into floodwaters, or impairment of the facilities and systems.

G401.4 Water facilities. All new replacement water facilities shall be designed in accordance with the provisions of Chapter 7 8, ASCE 24, to minimize or eliminate infiltration of floodwaters into the systems.
