Why renewing your certification is critical:
You are among a select group of individuals nationwide who have attained high credibility and recognition through the Certification program. Renewing your certificates will allow you to retain this professional stature.

Certification renewal:
Certifications are valid for three years. Certificates must be renewed on or before the expiration date (when they become inactive) to be current. A few months prior to the time when your renewal is due, ICC will send a courtesy renewal notice to your last known address. If for any reason you do not receive this notice, you may obtain renewal information specific to your certification from the ICC website. Please note: you are responsible for renewing your certifications, whether or not you receive a renewal notice from ICC.

Accruing CEUs:
During the three-year period prior to the renewal application date, you must accrue the number of continuing education units (CEUs) required for your certificate. Renewal is achieved by participating in continuing education and professional development activities. For example, a seminar you attended to earn CEUs must have been within three years prior to the renewal date. You must keep documents and records of each activity during the three-year renewal period.

* CBO or CFM requires 6.0 CEUs

Residential Inspection

- B1 Residential Building Inspector
- E1 Residential Electrical Inspector
- P1 Residential Plumbing Inspector
- M1 Residential Mechanical Inspector
- R5 Residential Combination Inspector

Commercial Inspection

- B2 Commercial Building Inspector
- E2 Commercial Electrical Inspector
- P2 Commercial Plumbing Inspector
- M2 Commercial Mechanical Inspector
- C5 Commercial Combination Inspector

Plans Examiner

- B3 Building Plans Examiner
- E3 Electrical Plans Examiner
- P3 Plumbing Plans Examiner
- M3 Mechanical Plans Examiner
- R3 Residential Plans Examiner
- RF Residential Fire Sprinkler Inspector/PE
- C3 Combination Plans Examiner

Energy Inspection/Plans Examiner

- 77 Commercial Energy Inspector
- 78 Commercial Energy Plans Examiner
- 79 Residential Energy Inspector/Plans Examiner
- CE Commercial Energy Inspector/Plans Examiner with ASHRAE 90.1

Green

- GC IgCC Inspector/Plans Examiner w/ ASHRAE 189
- G1 Green Building—Residential Examiner

Fire

- 66 Fire Inspector I
- 67 Fire Inspector II
- F3 Fire Plans Examiner
- FM Certified Fire Marshal (CFM)
- CA Commercial Fire Alarm Inspector
- CN Commercial Fire Alarm Plan Examiner I
- CR Commercial Fire Alarm Plans Examiner II
- CF Commercial Fire Sprinkler Inspector
- CP Commercial Fire Sprinkler Plans Examiner

Special Inspector

- 48 Reinforced Concrete Special Inspector
- 49 Reinforced Concrete Special Inspector Associate
- 92 Prestressed Concrete Special Inspector
- S1 Structural Steel and Bolting Special Inspector
- S2 Structural Welding Special Inspector
- 86 Spray-applied Fireproofing Special Inspector
- 84 Structural Masonry Special Inspector
- EC Soils Special Inspector
- M1 Master of Special Inspection

Code Enforcement

- 14 Permit Technician
- 21 Accessibility Inspector/Plans Examiner
- 75 Zoning Inspector
- 64 Property Maintenance and Housing Inspector
- C1 Coastal and Floodplain Construction Inspector
- DR Disaster Response Inspector
- FG Fuel Gas Inspector

General Inspection

- B5 Building Inspector
- E5 Electrical Inspector
- P5 Plumbing Inspector
- M5 Mechanical Inspector
- C8 Combination Inspector (Bldg, Elect, Plbg, Mech)

Code Official and Code Specialist

- T6 Permit Specialist (PS)
- CB Certified Building Official (CBO)
- B6 Certified Building Code Official (CBCO)
- E6 Certified Electrical Code Official (CECO)
- P6 Certified Plumbing Code Official (CPCO)
- M6 Certified Mechanical Code Official (CMCO)
- H6 Certified Housing Code Official (CHCO)
- F6 Certified Fire Code Official (FCFO)
- G8 Energy Code Specialist

** Requires current Property Maintenance and Housing Inspector and Zoning Inspector certification to renew; no additional CEUs required

Legacy

- 34 Plumbing Inspector UPC
- 44 Mechanical Inspector UMC
- 50 Combination Inspector—Uniform Codes
- 56 Combination Dwelling Inspector—Uniform Codes
- 57 Light Commercial Combination Inspector—Uniform Codes
- F1 Fire Prevention Inspector I—NFPC
- F2 Fire Prevention Inspector II—NFPC
- N8 Building Fire Protection Plans Examiner
- N9 Building Fire Protection Plans Examiner

State-specific and Specialty

- N2 New Jersey Commercial Plumbing Inspector
- N3 New Jersey Plumbing Plans Examiner
- MR Minnesota Residential Plumbing Inspector
- MC Minnesota Commercial Plumbing Inspector
- FL Florida Roofing Inspector
- L1 Louisiana Residential Plumbing Inspector
- L2 Louisiana Commercial Plumbing Inspector
- L3 Louisiana Plumbing Plans Examiner
- I1 California Commercial Building Inspector
- I2 California Commercial Electrical Inspector
- I3 California Commercial Plumbing Inspector
- I4 California Commercial Combination Inspector
- I5 California Commercial Combination Inspector
- I6 California Building Plans Examiner
- I8 Combination Inspector—California Codes
- J1 California Residential Building Inspector
- J2 California Residential Electrical Inspector
- J3 California Residential Plumbing Inspector
- J4 California Residential Mechanical Inspector
- J5 California Residential Combination Inspector
- 76 ICC/AACE Code Enforcement Officer **
- 73 ICC/AACE Code Enforcement Administrator ***

Note: Holding certification or renewing certification in the “General” Inspection category does not qualify you to automatically receive certification in the “Residential” and/or “Commercial” Inspection categories.

** Requires current Property Maintenance and Housing Inspector or Zoning Inspector certification, and Legal/Management module to renew; no additional CEUs required

*** Requires current Property Maintenance and Housing Inspector or Zoning Inspector certification, and Legal/Management module to renew; no additional CEUs required
### Renewal Fees for All Certificates (including Legacy certificates)

<td>1.0 per three-year period</td>
</tr>
</tbody>
</table>

*An accredited institution is a high school, community college, junior college, university, technical or vocational school, or any private educational agency accredited by the International Association of Continuing Education and Training (IACET).
Frequently Asked Questions About Certification Renewal—Including Online Renewal

What if I have multiple certifications with different expiration dates?
You have the option of having one expiration date for all of your certifications. However, when you combine dates, you will be required to waive the full three-year period of active status for some of your certificates. All of the certifications that are selected for renewal will automatically be issued the same expiration date, which is the date of processing.

What do I do if my certification is inactive (not renewed by the expiration date)?
You can renew inactive certifications in the same manner as certificates that are active, as long as you have accrued current CEUs. There is an additional reinstatement fee per application ($93.75 for Members; $125 for non-members) to renew certificates that are inactive. After six (6) years of inactive status from the expiration date, certifications will expire. To reinstate your certification at that point requires successful completion of the current certification examination.

How do I accrue CEUs, and what are considered acceptable CE and professional development activities?
A CEU is a continuing education unit; each 10 clock hours of continuing education equals 1 CEU. For example, a typical one-day seminar has 6 hours of instruction, or 0.6 CEUs. Credit is awarded for a variety of activities where-in the objective is achieving relevant professional knowledge beyond that required for initial certification.

Does ICC verify the continuing education submitted for renewal?
All information submitted is subject to random audit. You are responsible for deciding what professional development is most appropriate for your needs, and when you submit your certification renewal form, whether on paper or online, you attest that all information is accurate. You must retain documentation for the CEUs submitted for three years from the date the renewal is requested, and submit this documentation upon request.

How do I notify the Certification department about a change of address?
All address changes should be mailed to the Certification department at the address listed in this bulletin. It is important that you list your old address, new address, any updated phone numbers, and your certification number(s).

How do I log on to the ICC website to renew my certifications online?
Go to www.iccsafe.org/renewals and look for “Login to the Renewal module.” If you hold ICC certifications, log on with your existing username and password; if you do not know this information, do not create a new account. Contact ICC at 888-422-7233 ext. 5524 or certexam@iccsafe.org for assistance.

How do I renew my certifications online?
Go to www.iccsafe.org/renewals and look for “Online CEU Tracking and Certification Renewal Applications.” ICC has provided a short video tutorial that will walk you through the entire process in about six minutes. After watching the tutorial, simply log in to the renewal module.

How do I keep track of my earned CEUs online?
If you use the online system, you can enter your CEUs as you earn them throughout the year – no more trying to remember when you took a class or seminar. Simply enter the information just as you would on the paper application, and they’ll be ready when you need to submit your renewal application.

I don’t see my particular renewal program available for online renewal. Where is it?
Certifications that require prerequisites/retesting that ICC needs to verify cannot be renewed online. You may still enter CEU activity online, but the actual renewal of your certifications will be done via the paper application.

How much does it cost to renew my certification online?
There is no additional fee for renewing online. If your certification is available for online renewal and you choose to use the paper-and-pencil application option, you will incur an additional $15 for this option. (For certifications that are not yet available to renew online, using the paper application will not incur an additional fee.)

How quickly is my application processed?
Your certifications are renewed immediately. You will see your new certification expiration date on our online search for certified professionals immediately after your online renewal application is processed. ICC Certification staff reviews submissions, and all applications are auditable, as before.

Do I have to renew online, or can I still use the paper application?
You can still use the paper application, but there is an additional $15 fee for this option if your certification is available for online renewal.
Beginning January 2015, important changes to the ICC Continuing Education renewal process will go into effect. These changes are part of a three year program which began in April 2014, to strengthen the credibility of the ICC Certification program.

The changes beginning in January include:

- 20% of CEUs must be earned from training by ICC or ICC’s Preferred Provider Network (PPN), a group of individuals and companies approved by ICC to provide quality code-related training;

- Minimum required CEUs will be reduced for some categories and increased for other categories. Individuals affected will include those holding 3-5 certifications (number of required CEUs will decrease slightly) and those holding 11 or certifications (number of CEUs will increase slightly). A new category of 6-10 certifications has been added;

- Participation or attendance at ICC code development hearing and participation or viewing of ICC code development hearings through the cdpACCESS added;

- CEU requirements for Special Inspector certifications will be the same as all certification categories;
  - Certified Building Official and Certified Fire Marshal will need 6.0 CEUs to renew,
  - Master Code Professional will need 4.5 to renew, and,
  - Master of Special Inspection will be counted as a single certification;

- In-house training programs will be accepted for CEUs;

- Option #3 (participation as a student or instructor in an on-site seminar) and #4 (completion of an eLearning program) revised to clarify that credit can only be counted once;

- Option #6 (participation or attendance at ICC code development hearings) revised to “position-related;”

- Option #7 (taking and passing proctored exams) revised to state that participation must be under a candidate’s log-in;

- Prestressed Concrete Special Inspector modified to grant 0.8 CEUs for the required 8-hour class under option #6, and 0.5 CEUs for passing the ICC exam under option #8;

- Option #13 (completion of evaluation in role as an IAS Building Department Evaluator) revised to conducting and completing an evaluation.

Complete details on the number of CEUs and where these credits may be earned can be found on the ICC website at the following link:
