NOTABLE ACCOMPLISHMENTS

- **Organized Smart Buildings and Smart Cities in India** with the American National Standards Institute (ANSI) and the U.S. Trade Administration.
- **Presented to the Asia Pacific Economic Cooperation (APEC)** on the U.S. building regulatory system and the incorporation of climate risk at their biannual meeting in Chile.
- **Conducted PMG training in Riyadh, Saudi Arabia on the IPC, IMC and IPSDC** to the Saudi Council of Engineers.
- **Testified before the U.S. House Science Committee** Research and Technology and Environment Subcommittees on reauthorization of the National Windstorm Impact Reduction Program.
- **Led efforts to require adoption of a property maintenance code** for the U.S. Department of Defense.
- **Successfully advocated for legislation to authorize** Community Development Block Grant (CDBG) disaster recovery **funding requiring up-to-date codes and standards** for rebuilding.
- **Submitted comments that** ensured the National Mitigation Investment Strategy **recommends grant programs require up-to-date and well enforced codes and standards.**
- **Released the housing benchmark for the Alliance for National and Community Resilience (ANCR)**, which addresses affordable and quality housing, availability of shelter and continuity planning.
- **Collaborated with NIBS on a report demonstrating current codes provide \$11 in mitigation benefits** for every dollar invested.
- **Ensured funding eligibility for states utilizing IFC/IRC provisions** through a proposed Consumer Product Safety Commission grant program for carbon monoxide poisoning prevention activities.
- **Secured a Congressional amendment to protect ICC-ES's past composites work** and promote ES and IAS products as a future clearinghouse on composites offerings.
- Ensured legislation requiring Department of Housing and Urban Development (HUD) supported housing **utilize standards consistent with the 2018 IFC.**
- **Worked to require adherence to the latest codes and standards** in the Rebuild America's School Act (RASA), a grant and tax credit program, passed by the U.S. House Committee on Education and Labor.
- **Obtained increases in FY2020 federal funding** for the Department of Energy's (DOE) Building Energy Codes Program, WaterSense, NIST research funding, and the CDBG program.
- **Led a panel on building codes** at the HUD/NAHB Innovative Housing Showcase in Washington, D.C.
- **Provided comments at the White House and HUD roundtables** in response to an Executive Order on Housing Affordability.
- Commented on the following key federal regulatory considerations:
 - » **Leveraging ICC water reuse provisions** in the Environmental Protection Agency (EPA) Water Reuse Action plan.
 - » **Supported DOE using the latest I-Codes** as minimum building standards where appropriate for electric infrastructure.
 - » **Urged HUD to continue supporting efforts to advance up-to-date building code adoption** and enforcement in the Fair Housing Act disparate impact standard.
 - » Recommended FEMA leverage DRRA provisions **to provide resources to update and enforce building codes** in its pre-disaster mitigation grant program.
- **Appointed to the National Earthquake Hazards Reduction Program (NEHRP) Advisory Committee** on Earthquake Hazards Reduction (ACEHR).
- **Celebrated the 39th annual Building Safety Month** with a total of 29 sponsors and 394 proclamations including gubernatorial, state and local, recognition in the U.S. House of Representatives and remarks in the Congressional Record.
- **Introduced a Congressional Resolution designating May as Building Safety Month** for the first time since 1983.
- **Supported FEMA Mitigation Assessment Team (MAT)** deployment in the Panama City/Gulf Coast Region.
- **Presented at the FEMA Building Science Workgroup/ FEMA Mitigation meeting** on codes, Building Safety Month, legislation and disaster response.
- **Sponsored and attended the 31st Annual Congressional Fire Services Institute (CFSI) Dinner** in Washington, D.C.
- **Secured passage of a CFSI resolution** that supports requiring federal infrastructure investments **adhere to current codes and standards.**
- **Guest speaker at the World Standards Day** panel, "Protecting America's Energy Infrastructure & the Built Environment" in Washington, D.C.
- **Participated in the 17th Annual Truman Legacy Forum** in Key West, FL and Washington, D.C. to discuss fire service challenges and priorities.
- **Panelist at ANSI's "Future of America's Workforce"** focusing on technical high school education.

NOTABLE ACCOMPLISHMENTS

- **Developed and published the 5th edition of “Reducing Flood Losses through the International Codes”** in partnership with FEMA.
- **Discussed Safety 2.0 as a panel presenter** at the Workforce Conference during World Standards Week in Washington, D.C.
- **Served on the FEMA-NIST Panel** for the Functional Recovery of the Built Environment and Critical Infrastructure Project.
- **Guest appeared on “Ask the Masters,”** a podcast dedicated to design and construction of watershapes, pools, landscapes, and architecture in the ISPSC.
- **Facilitated a PMG roundtable discussion,** “Mitigating Water Leaks in Premise Plumbing Systems,” in Albuquerque, NM.
- **Participated as a panelist** at Greenville Technical College in South Carolina **to develop a Building Technology Program.**
- **Hosted the Government Relations Forum at the ICC ABM** featuring guest speakers from FLASH, NIBS, National Association of Insurance Commissioners, Austin College, ISO/Verisk, FEMA and the City of Chicago Buildings Department.
- **Continued as Co-Chair for the Coalition for Current Safety Codes (CCSC),** a coalition of over 550 members representing code officials, jurisdictions, corporations, manufacturers, the insurance industry, associations, private individuals and others.
- **Served as staff liaisons** to the Major Jurisdiction Committee and the Building; Emerging Leaders; Fire; and Plumbing, Mechanical and Fuel Gas (PMG) Membership Councils, and National Disaster Response network.
- **Managed the “Vote for Your Codes” Campaign** to increase participation in the code development process.
- **Modernized the Philadelphia, PA plumbing code** based on the 2018 IPC.
- **Updated the Chicago Building Code** for the first time in 70 years **based on the 2018 IBC.**
- **2018 IRC PMG provisions adopted in Hawaii** for the first time.
- **Passed legislation in Washington that delegates inspections to third-party entities that employ ICC certified inspectors.**
- **Defeated 5-year code adoption legislation** in the State of WA.
- **Prevented passage of detrimental plumbing legislation** in WA.
- **Inserted ISPSC standards for energy efficiency requirements** for pool heaters in WA legislation.
- **Successfully supported Texas legislation adopting the ISPSC** for use in municipalities across the State.
- **Replaced the National Standard Plumbing Code in Maryland with new adoptions of the IPC and IFGC.**
- **Successfully worked on legislation authorizing MD municipalities to designate an ICC-certified code official** to testify in municipal infraction proceedings.
- **Lobbied for successful adoption of the Indiana Residential Code** for the first time since 2005 based on the 2018 IRC.
- **Led legislative efforts in Maine to adopt the 2015 IMC** for the first time.
- **Attained a first-time adoption of the ISPSC** in New Hampshire.
- **Defeated detrimental legislation in Minnesota** for the third consecutive year, preserving the effort to update the state codes to 2018 editions.
- **Successfully opposed six-year IRC legislation** in South Carolina.
- **Served on the California State Fire Marshal’s Wildland Urban Interface Task Group.**
- **Mentored at the “Women in Structural Engineering Symposium”** hosted by the Structural Engineers Association of Southern California.
- **Organized and co-hosted with CALBO the Seismic Roundtable** in California, hosting over 80 subject matter experts to address building methods and earthquakes.
- **Published the report for the “Seismic Roundtable: Next Steps Forum”** held at the ICC Annual Conference in Las Vegas.
- **Coordinated ICC custom code publishing** for the State of Indiana.
- **Coordinated the Region VI Northeast Tour,** covering 5 states in 6 days.
- **Produced two building safety public service announcements** that were aired on local television in New Jersey.
- **Awarded “Affiliate of the Year”** by the Building Officials Association of South Carolina (Stephen Jones).
- **Received the “Industry Achievement Award”** from the California Building Officials (Susan Dowty).
- **Given the “Meritorious Service Award” for advancement of building safety** by the Pennsylvania Liberty Chapter (Shawn Strausbaugh).
- **Generated the ICC Government Relations Monthly Update reports,** which are circulated to Members, Chapters and key stake holders throughout the country and abroad.
