

FINAL PUBLIC COMMENT HEARING RESULTS ON THE 2019 PROPOSED CHANGES TO THE INTERNATIONAL CODES – GROUP B

Updated 11/14/2019

The following is a comprehensive list of the official results from the 2019 Public Comment Hearings held in Las Vegas, NV, October 23-30, 2019 for those code change proposals heard individually on the public comment hearing agenda.

The second step in the final action process is the Online Governmental Consensus Vote (OGCV). This process was first used in the 2014 Cycle, and is built into cdpACCESS and is regulated by Section 8.0. The OGCV is scheduled to open November 18, 2019 and scheduled to close on December 5, 2019 at 11:59pm Pacific Time.

The results of the PCH set the agenda and ballot options for the OGCV. This is stipulated in Section 8.1 of CP 28 Code Development (see page 6 for an excerpt). The voting options are listed for each code change proposed alongside the public comment hearing results. For example, if the action taken at the PCH is AMPC 1, 3, 7 (Approved as Modified by Public Comments 1,3 and 7) then the OGCV ballot will be structured to allow eligible voters to vote for either AMPC 1,3, 7 or Disapproval in accordance with the table. The voting majority required for AMPC 1, 3, 7 at the PCH was a 2/3 majority which is the same majority that applies to the OGCV. The vote tally from the PCH will be combined with the vote tally from the OGCV to determine the Final Action. In the example cited, the combined vote tally would be required to meet the 2/3 majority in order for the final action to be AMPC 1, 3, 7. If the voting majority is less than the 2/3 required, Section 10.3 stipulates the Final Action to be Disapproval.

Be sure to review Section 8.2 of CP 28 which identifies the composition of the ballot. Of note is item 4 where the PCH action is Approved as Modified. The resulting text will be presented in the ballot with the modification(s) incorporated into the original code change in order for the voter to see how the text would appear in the code. A key part of this ballot is also item 10 where the voter will have access to the hearing video from both hearings.

Eligible voting members who voted at the Public Comment Hearings are not required to vote on the OGCV. The vote entered on the electronic voting device at the PCH will automatically be tabulated on the OGCV. The OGCV will indicate the actions taken at both the CAH and PCH. The PCH actions will include the vote counts.

Non-eligible voters will also be able to login and view the OGCV ballot, but will not be permitted to vote.

LEGEND:

AS	Approved as Submitted
AM	Approved as Modified at the Committee Action Hearing
AMPC	Approved as Modified by Public Comment
D	Disapproved
WP	Code Change Withdrawn by Proponent
CA	Moved to Consent Agenda (Final action results in accordance with the Committee Action Hearing)
