

Dear Board of the International Codes Council  
and Appeals Board,

I urge you to reject appeals 23-01 through  
23-09, which seek to overturn measures including  
electric readiness, EV charging readiness, efficient  
and resilient code requirements, stretch code  
appendices. These appeals have no merit: they are  
trying to re-litigate substantive, consensus  
decisions made according to all applicable  
policies and procedures as laid out in the ICC  
Code Development Principles.

Thank you,  
Sarah Kostka
