2019 Group B Appeals Board  
c/o Mike Pfeiffer  
Senior Vice President of Technical Services  
International Code Council

RE: Letter of support for the outcome of the 2019 Group B Code Cycle.

Dear Mr. Pfeiffer:

With the support of our department and those within the City of Fort Collins Community Development and Neighborhood Services, we're voicing our support for the outcome of the Governmental Member Voting and result of the 2019 Group B Code Cycle. Participation in the online voting platform gives voice to all jurisdictions unable to attend hearings and we understand the importance of this in future building codes and plan to continue our role of participation for years to come.

The City of Fort Collins has established a citywide, community supported ambitious climate plan and energy policy and understands that building codes are critical cogs in advancing community and stakeholder desires and our climate future. We are committed to support, and playing a role in, the success of this and future code processes knowing that it will not only benefit our efforts but those of a great many other jurisdictions.

We fully support the results of the Group B Code Cycle voting outcomes as they stand.

Sincerely,

A handwritten signature in blue ink that reads "Richard C. Anderson".

Richard C. Anderson, CBO  
Chief Building Official
