Re: Andreas Jaen
Jurisdictional Support

To the Members of the Nominating Committee:

On behalf of Cherry Hills Village, this letter is provided in support of Andre Jaen and his continued service to the International Code Council Board of Directors.

Cherry Hills Village recognizes the value that active participation in professional organizations brings both to the building safety profession and to the communities served by those organizations. Through his service at the national level, Mr. Jaen has demonstrated a commitment to advancing collaboration, technical competency, leadership development, and thoughtful engagement on issues impacting the code community.

His involvement with the ICC has reflected positively on the profession and has also provided value to local jurisdictions through the exchange of knowledge, perspective, and best practices gained through engagement with stakeholders from across the country. We support continued participation in these efforts and recognize the importance of experienced voices contributing to the future direction of the organization.

Accordingly, Cherry Hills Village supports Andre Jaen's continued service as a Director on the ICC Board of Directors and would also support future service in executive committee leadership roles, should he choose to pursue those opportunities.

We appreciate the time, professionalism, and dedication he has contributed to the advancement of building safety and the profession.

Sincerely,

Cole Cloward, CBO, CFM
Building Official
