RE: Andre Jaen for the ICC Board of Directors

Dear Chairman Davis and Committee Members:

The Colorado Association of Permit Technicians is unanimous in our support of Andre Jaen for a position on the Board of Directors of the International Code Council.

Andre values all building department personnel as essential contributors in safeguarding and serving the public. He recognizes governmental regulators are one piece of the building safety team - design professionals, contractors, product manufacturers, building owners and more, play an important role in obtaining a sustainable and safe built environment.

Being an engaged member of the Colorado Chapter, he has served on various committees dedicating his time and expertise to the organization. His professionalism and passion for the industry is commendable.

In addition to Andre's twelve years of knowledge and experience in the building industry, his dedication to continued education, collaboration, and professional achievements speak to his abilities as a leader making him an excellent candidate to serve as a Board of Director for the International Code Council.

Our organization believes wholeheartedly that Andre will excel in facilitating the business, and upholding the mission, vision, and values, of the International Code Council while remaining focused on how to best serve all the members of the building safety team and their community.

Yours in Building Safety,

Melinda Helmer, President  
Colorado Association of Permit Technicians  
100 Jefferson County Parkway  
Golden CO 80419-3540
