

8-11-2026

Dear Chairman,

On behalf of the Iowa Association of Building Officials (IABO), I am pleased to express our strong support for Andre Jaen for re-election to the International Code Council Board of Directors representing Section C.

IABO believes that effective ICC leadership depends on experienced individuals who understand the importance of the International Code Council's mission and remain connected to the professionals and communities that rely on the codes and standards developed by ICC. Andre Jaen has demonstrated that commitment through his service on the ICC Board and his continued involvement with the organization and its membership.

As an association representing building officials in Iowa, we appreciate leaders who recognize the importance of local code administration and the role that building officials, inspectors, and plans examiners play in protecting the health, safety, and welfare of our communities. We believe Andre understands the importance of maintaining a strong connection between ICC leadership and the professionals implementing the codes at the local level.

IABO also believes that Section C benefits from having an experienced voice on the Board who can provide thoughtful input, listen to the concerns of ICC members, and work collaboratively toward solutions that strengthen the organization.

For these reasons, the Iowa Association of Building Officials is proud to support Andre Jaen for re-election to the International Code Council Board of Directors representing Section C. We believe his continued service will provide valuable experience, leadership, and continuity to the ICC Board.

IABO respectfully encourages the International Code Council Nominating Committee and the membership to support Andre Jaen for re-election.

Thank you for your consideration of the Iowa Association of Building Officials' endorsement.

Sincerely,

Luke Maloney
President

Iowa Association of Building Officials
