Ways and Means

April 17, 2026

As an affiliated ICC Chapter, I have had the pleasure of working with and observing Andre Jaen devotion to code development and code enforcement. Andre is a consummate professional, whose attention to detail is unmatched. Over the years, I have had the pleasure of dealing with Andre through multiple ICC conferences. Andre will continue to do great work as a Board of Director. It gives me great pleasure on behalf of the Rockland County New York State Building Officials Conference chapter to endorse Andre Jaen for the position of Board of Directors Section C seat. We know Andre will continue to work hard for all the code professionals that he deals with daily.

Respectfully submitted,
Adam Peltz- President
