As an affiliated ICC Chapter, I have had the pleasure of working with and observing Andy Higgins devotion to code development and code enforcement. Andy is a consummate professional, whose attention to detail is unmatched. Over the years, I have had the pleasure of dealing with Andy through multiple ICC conferences. Andy will continue to do great work as a Director at Large. It gives me great pleasure on behalf of the Rockland County New York State Building Officials Conference chapter to endorse Andy Higgins for the position of Director at Large. We know Andy will continue to work hard for all the code professionals that he deals with daily.

Respectfully submitted,
Adam Peltz, President
