Birmingham, AL 35213

RE: Candidate Letter of Intent for Board of Directors

To Whom it May Concern:

In January 2018 I was appointed by President Elbettar to fill the vacant board position created by Brenda Thompson. Please accept this letter as my formal request to be considered for reelection for a Board of Director's position in the September 2022 election.

I am honored and excited to serve on the board and would like to continue my service to support the goals, values, and mission of ICC. I believe ICC connects the professionals in our industry and I look forward to actively participating in the governance of this exceptional family of companies.

Though there are many aspects of the ICC Family of Solutions, I see my contribution mostly in the following areas:

- **Mentorship, Safety 2.0, Emerging Leaders Membership Council** - The next generation of code officials needs to be engaged and guided into this field. I started being involved with ICC 3 years into my career. I can relate to the enthusiasm as well as the apprehension that may be associated with getting involved.
- **Fire Service Membership Council** - The current Board of Directors is predominantly building officials and I appreciate their willingness and enthusiasm for seeing all sides of an issue.
- **A knowledgeable professional**- Last 16 years I have eagerly immersed myself in the health and safety of the built environment; seeking both increased knowledge and the best possible outcomes.
- **A skilled leader**- Data-driven decision-making while being able to identify the risks and limitations of potential solutions. Being able to successfully influence others towards a common goal.
- **Knowledgeable about ICC challenges and strategies to improve services**
  - Support the implementation of our strategic plan, including companies we have acquired since its adoption
  - Support a right-sized energy framework which recognizes the challenges today but has an eye set on the future

**SAINT PAUL**  
**MINNESOTA**

**DEPARTMENT OF SAFETY & INSPECTIONS**  
**ANGIE WIESE, INTERIM DIRECTOR**

375 Jackson St. Suite 220  
Saint Paul, MN 55101  
Tel: 651-266-8989

- 
- Further explore the use of technology to streamline business processes for ICC and our customers
  - Continue with previous efforts identifying and rectifying racial equity issues embedded in the work ICC performs
  - Support staff to minimize turnover and encourage retention especially in a post-Covid world

I recognize serving on the Board of Directors requires significant engagement both in time and attention. I am up to that challenge and am supported by my jurisdiction in this endeavor.

Thank you for your consideration.

Sincerely,

Angie Wiese, PE, CBO  
Interim Director  
Department of Safety & Inspections  
City of Saint Paul
