OBJECTIVES

Ayla Jefferson, CBO

Ayla.Jefferson@transtech.org

City Building Official for
City of Alhambra

- To raise the profile of the Building and Fire Officials by enhancing governmental relations with elected officials.
- To dedicate my service and position to supporting the development of model codes and standards used in the design, building, and compliance processes for safe, sustainable, affordable, and resilient structures.
- To advance the mission and service of the International Code Council to provide technical, educational, and administrative support to its members and governmental agencies engaged in codes administration, development, and enforcement.
- Devote my service to improve collaboration between different stake holders as well as bridge international and national members together to further the International Code Council's mission.
- To continue the International Code Council's mission to provide the highest quality codes, standards, products and services for all concerned with the safety and performance of the built environment.

ABOUT AYLA JEFFERSON

Ms. Jefferson has approximately 25 years of experience in the private and governmental sectors. She has extensive experience in managing building and safety departments of different municipalities under consultant contracts. She exhibits a broad knowledge of municipal governmental operations, including preparation and presentation of staff reports and resolutions to city councils, committees and related interaction with members of the public, other city departments and other governmental agencies. She has served in many capacities including Building Official, Deputy Building Official, Plan Checker, Code Enforcement Official, Community Improvement Coordinator, Planning and Permit Technician, and Inspector.

She has been an active member of the International Code Council for over 13 years. She was appointed in 2011 as the first national Chair to the ICC Sustainability Membership Council. She has served in various capacities on ICC Councils and Committees including ICC Los Angeles Basin Chapter Inspection Committee, Chaired for 3 years, Calbo Green Committee, ICC Codes & Standards Council, CDP Access Steering Committee, International Swimming Pool and Spa Code California Adoption Technical Advisory Group, and worked with ICC staff in the preparation of a model adoption ordinance and amendments to the ISPCS.

Ms. Jefferson is currently the director of Transtech Engineers, Inc.'s Building and Safety department who oversee 7 cities full Building and Safety operations, part of her role is also serving as the City Building Official in those cities. Ms. Jefferson has been working with Transtech Engineers, Inc. for over 13 years. She has shown
