Subject: Letter of Recommendation for Blake J. Steiner, CBO

Dear Nominating Committee,

The Home Builders Association of Greater Baton Rouge is proud to endorse the candidacy of Blake J. Steiner for election to the ICC Board of Directors as the Director for Section F.

Blake consistently provides our organization, which represents over 900 businesses in the Baton Rouge Metropolitan Statistical Area, with the needed education and leadership regarding land use and residential, commercial, and multi-family construction. His extensive service on several International Code Council (ICC) committees and the Building Officials Association of Louisiana (BOAL) board throughout his career highlights the necessary qualifications to bring value to the ICC Board of Directors and its members.

Blake has worked in the public and private sides of this industry and throughout his career and involvement with ICC has shown a strong commitment to all aspects of the building profession. He continually works to support the core mission of ICC and will be an asset to the Board in its mission to serve the membership.

We are honored to endorse Blake Steiner for the position of ICC Board of Directors, Director for Section F.

Respectfully,

Karen Zito
