Re: Alan Boswell, Candidate for the International Code Council Board of Directors

Dear Chairman Piester,

The Building Officials Association of South Carolina announces our unanimous support of Mr. Alan Boswell for a position on the International Code Council Board of Directors.

Alan's previous experience in ICC and his years of service to his jurisdiction uniquely qualifies him to be a member of the Board of Directors of the International Code Council.

Please accept this letter of full support without reservation.

Sincerely,

Michael A. Smith

Mike Smith, President
