Content Appeal

Please describe the question in detail and cite the section or page number of the code book or reference (of those listed in the exam catalog) which supports your statement. Wording should be to the best of your ability with as much detail as you can provide. Use key words and/or phrases. It is beneficial to write challenges immediately upon leaving the test center as you will be unable to access your questions at the test center once the exam has ended. You may also use the following pages to describe an incident you wish to be reviewed by International Code Council staff.
