

COPYING IMAGES IN I-QUEST

1.) In order to capture or copy an image out of I-Quest, first have the I-Quest document open to the image which you want to copy to a Word document, word processor or email.

Continued on next page.

2.) In order to copy the image first select the image by inserting your CURSER just before the image as shown here.

Continued on next page.

3.) Left click the mouse, hold down and drag your CURSER across the image to the opposite side of the image until the Square Box shows up around the image as shown below.
