Attn: Greg Wheeler, President

This letter is to affirm full jurisdictional support for David Spencer as a continued member of the Board of Directors of the International Code Council (ICC).

I have had the privilege of knowing and working with David Spencer for over 20 years in various capacities within the building industry. David continues to be a great mentor and colleague to many that he works with within the industry. As current Operations Manager, and a Building Official, Mr. Spencer has and continues to be actively involved in the ongoing enforcement and administration of the various codes as adopted by Washington State and local jurisdictions through activities such as performing various building plan reviews and inspections with Adams County.

Throughout his career, David has continually demonstrated his commitment to building code development, as well as consistent and comprehensive enforcement of those codes. David has a deep commitment to his State, and to the various communities he has served both locally and regionally through various ICC chapters and other ICC organizations.

Adams County understands the significance of service on the ICC Board of Directors and considers it an honor to provide this endorsement of his continued participation now and in the future.

Sincerely,
