Subject: Support for David J. Spencer, CBO, for ICC Board of Directors

Dear Mr. Bryant:

The Southern Nevada Chapter of the International Code Council is pleased to endorse David J. Spencer, CBO, for the position of Director at Large of the International Code Council.

Mr. Spencer has been actively involved in the construction industry for more than 30 years, beginning as a construction worker and contractor in the field, and including 20 years as a code professional.

He has shown his commitment and dedication to the built environment by service in numerous code-related organizations and associations, including ICC and its affiliates, the American Wood Council, the International Association of Building Officials, the Indoor Environment & Energy Efficiency Association, and the National Fire Protection Association.

He has received several prestigious awards in recognition of his commitment and service, including the Washington State Code Official of the Year from the Washington Association of Building Officials in 2015, and ICC Code of Honor scholarships in 2011 and 2014-2016.

We believe Mr. Spencer's background, experience and service will contribute significantly to promote the International Code Councils mission.

It is with great enthusiasm that we express our support for Mr. Spencer for the position of Director at Large of the International Code Council and request the Nominations Committee nominate Mr. Spencer for this position.

Sincerely,

Arben Dema
SNICC President
