## ROBERTS RULES OF ORDER

## TERMS AS ASSOCIATED TO A MEETING

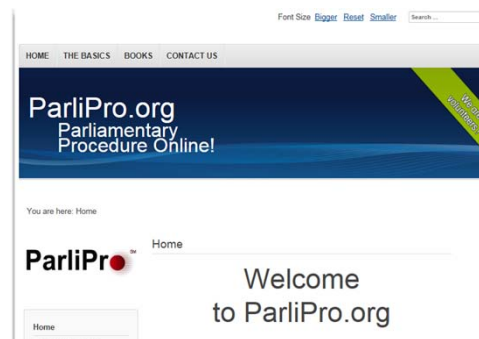

- ▶ **BYLAWS**
  - ▶ A document that typically spells out the Committee or Board's purpose, how it is organized, and the rules that govern how it should be run.
    - ▶ Meetings- Agendas- Minutes
- ▶ **QUORUM**
  - ▶ The minimum number of members that must be present at a meeting so that issues can be discussed and decisions made.
- ▶ **MOTIONS**
  - ▶ To introduce a new piece of business or propose a decision or action, a motion must be made by a member ("I move that.....") A second motion must then also be made (raise your hand and say, "I second it.") After limited discussion the group then votes on the motion. A majority vote is required for the motion to pass (or quorum as specified in your bylaws.)
- ▶ **VOTING**
  - ▶ When a motion is voted on, it passes if the number of attending members who support it is more than the number of attending members who don't. Members who are at the meeting but abstain from voting are left out of the tally.
- ▶ **ADJOURNMENT**
  - ▶ Once all business has been completed per the agenda the meeting ends. Typically a motion is made with a second.

## REFER TO HANDOUT: *PARLIAMENTARY PROCEDURE FOR MEETINGS*

### **Parliamentary Procedure for Meetings**

*Robert's Rules of Order* is the standard for facilitating discussions and group decision-making. Copies of the rules are available at most bookstores. Although they may seem long and involved, having an agreed-upon set of rules makes meetings run easier. *Robert's Rules* will help your group have better meetings, not make them more difficult. Your group is free to modify them or find another suitable process that encourages fairness and participation, unless your bylaws state otherwise.

Here are the basic elements of *Robert's Rules*, used by most organizations:

1. **Motion:** To introduce a new piece of business or propose a decision or action, a motion must be made by a group member ("I move that..."). A second motion must then also be made (raise your hand and say, "I second it.") After limited discussion the group then votes on the motion. A majority vote is required for the motion to pass (or quorum as specified in your bylaws).
2. **Postpone Indefinitely:** This tactic is used to kill a motion. When passed, the motion cannot be reintroduced at that meeting. It may be brought up again at a later date. This is made as a motion ("I move to postpone indefinitely..."). A second is required. A majority vote is required to postpone the motion under consideration.
3. **Amend:** This is the process used to change a motion under consideration. Perhaps you like the idea proposed but not exactly as offered. Raise your hand and make the following motion: "I move to amend the motion on the floor." This also requires a second. After the motion to amend is seconded, a majority vote is needed to decide whether the amendment is accepted. Then a vote is taken on the amended motion. In some organizations, a "friendly amendment" is made. If the person who made the original motion agrees with the suggested changes, the amended motion may be voted on without a separate vote to approve the amendment.
4. **Consent:** This is used to place a motion in committee. It requires a second. A majority vote must rule to carry it. At the next meeting the committee is required to prepare a report on the motion committed. If an appropriate committee exists, the motion goes to that committee. If not, a new committee is established.
5. **Question:** To end a debate immediately, the question is called (say "I call the question") and needs a second. A vote is held immediately (no further discussion is allowed). A two-thirds vote is required for passage. If it is passed, the motion on the floor is voted on immediately.

**Robert's RULES 101**  
Steps to keep meetings on track.

The infographic illustrates the steps of Robert's Rules 101 in a circular flow. Step 1 (orange circle) is 'Start the meeting with an agenda and follow it in order.' Step 2 (green circle) is 'Approve the minutes' with a thumbs-up icon. Step 3 (pink circle) is 'Hear the treasurer's report (no vote needed)' with a dollar sign icon. Step 4 (purple circle) is 'Committee reports as needed' with a speech bubble icon. Step 5 (yellow circle) is 'Old business (go through business items one by one)' with a checklist icon. Step 6 (pink circle) is 'New business' with a lightbulb icon. A blue hexagon labeled 'BYLAWS' explains that they are the group's governing rules and should be kept on hand. A box titled 'Voting Procedures' details the process for a motion, from making the motion to the final vote.

**BYLAWS**  
Bylaws are your group's governing rules. Be sure to have them on hand. They're helpful when questions and disagreements come up.

**1.** Start the meeting with an agenda and follow it in order.

**2.** Approve the minutes

**3.** Hear the treasurer's report (no vote needed)

**4.** Committee reports as needed

**5.** Old business (go through business items one by one)

**6.** New business

**Voting Procedures**  
**Motion**  
Member makes a motion: "I move that we have a welcome-back picnic!"  
Second (any member) requires a second.  
Discussion: "Green light!"  
Vote: Motion passes.  
\* President doesn't make motions but can call for one: "Do I hear a motion to...?"  
\* President cannot vote for or against motions.
