Re: Candidacy of Michael Boso for ICC President

Mr. Stuart Tom and Members of the ICC Nominating Committee:

On behalf of the Five County Building Officials Association (FBOA), I am pleased to extend our full support for Michael Boso's candidacy for President of the International Code Council (ICC).

Michael has served faithfully and effectively in numerous leadership roles including Vice President of the ICC and other past ICC officer and director roles. He serves as Chief Building & Zoning Official for Grove City, Ohio and his prior leadership roles include terms as President of the Ohio Building Officials Association (OBOA) and President of the Central Ohio Code Officials Association (COCO). These roles speak to his deep commitment to the building safety profession, his ability to lead, and his respect among peers.

Under his leadership, Michael has demonstrated key qualities essential for ICC's President:

- Technical competence and code expertise
- Organizational leadership and collaboration
- Vision for the future

Michael has a strong grasp of model codes, enforcement challenges, and jurisdictional concerns and understands the evolving needs of building safety, resilience, sustainability, and the importance of code development to meet those challenges.

We believe Michael Boso is exceptionally qualified to lead ICC as President, continuing to build trust, integrity, and relevance for the organization and its membership. His balanced experience, technical credibility, and leadership track record position him to guide ICC forward.

Therefore, the Five County Building Officials Association wholeheartedly endorses Michael Boso for ICC President and strongly encourages the Nominating Committee to select him for this role.

Sincerely,

Joseph Rakoczy
President, Five County Building Officials Association (FBOA)
