Re: Candidacy of David Molnar as ICC Board Director

Mr. Stuart Tom and Members of the ICC Nominating Committee:

On behalf of the Five County Building Officials Association, it is with great pride and full confidence that we submit this letter of recommendation in support of David Molnar's candidacy for the International Code Council Board of Directors.

As the current Ohio Building Officials Association president and a past Five County Building Official Association president, David has directed and continues to guide their members forward with the same enthusiasm he will bring to the ICC Board.

David has a rare and invaluable combination of technical expertise, regulatory experience, and principled leadership. As a licensed architect, building official, and seasoned plan examiner, he has consistently demonstrated a deep commitment to public safety, code integrity, and professional excellence throughout his career. His work has helped elevate standards in our region, fostering safer, more resilient communities. He is an engaging and supportive professional who seeks out ways for people to become involved and acts as a conduit connecting individuals and groups together.

David's approach is both thoughtful and decisive. Whether reviewing complex construction documents, interpreting evolving code requirements, or leading multi-agency discussions, he brings clarity, fairness, and an unwavering commitment to doing what is right for both the industry and the public.

The Five County Building Association firmly believes that David Molnar will be an outstanding addition to the ICC Board of Directors.

Sincerely,

Joseph Rakoczy
President, Five County Building Officials Association (FBOA)
