

ICC EXISTING BUILDING SAFETY – A GUIDELINE FOR INSPECTION (G7-202X) GUIDELINE DEVELOPMENT COMMITTEE

The first public teleconference meeting of the ICC Existing Building Safety – A Guideline for Inspection Guideline Development Committee will be held June 26, 2023, remotely via Microsoft Teams. Recurring meetings will be held on Tuesdays on two-week interval beginning July 11, 2023

- MEETING NOTICE -

Teleconference Meeting
Monday, June 26, 2023, 2:30 pm-4:00pm ET

[Click here to join the meeting](#)

Meeting ID: 215 854 898 679

Passcode: DYACLm

The purpose for this meeting is for the committee to discuss the development of a guideline for Existing Building Safety – A Guideline for Inspections:

- Review and comment on the initial draft
- An agenda will be posted on the ICC website prior to each meeting.

This meeting is open to the public. If you plan on attending, please contact Kevin McOsker, Project Manager, for the virtual meeting information.

Agendas, meeting minutes, meeting materials and all other documents can be found on the ICC Website

The goal of this document is to provide guidance to contractors, property owners, building managers, design professionals, and code professionals regarding maintenance and milestone inspections on existing buildings. The document can be used as framework for local authorities to establish regular inspections of structural elements, egress components, active and passive fire protection systems, the building envelope (including the roof), electrical, plumbing, mechanical, and fuel gas equipment and systems to confirm the existing building is safe for continued use and occupancy.

TO ATTEND, AND FOR ADDITIONAL INFORMATION, PLEASE CONTACT:

Kevin T. McOsker, P.E. (NV), CBO
Vice President of Technical Services
Guideline Committee Project Manager
