

GEW143-14

611.1

Proponent: Maureen Traxler, City of Seattle, WA, representing Washington Association of Building Officials Technical Code Development Committee (maureen.traxler@seattle.gov)

Revise as follows:

611.1 Mechanical systems commissioning and completion requirements. Within 60 days from approval ~~conducting~~ of the final mechanical inspection, the *registered design professional* shall provide evidence to the code official that installation and commissioning of mechanical systems has been completed ~~commissioning and completion of the mechanical system installation to the code official~~, in accordance with the *International Energy Conservation Code*.

Drawing notes shall clearly indicate provisions for commissioning and completion requirements in accordance with this section and are permitted to refer to specifications for further requirements. Copies of all documentation shall be given to the owner and made available to the *code official* upon request.

Reason: This is an editorial proposal to simplify and improve the readability of this section.

Cost Impact: Will not increase the cost of construction.
