

# GEW168-14

## 706.3, Chapter 12

**Proponent:** Lisa Reiheld, Canadian Standards Association, representing CSA Group  
(lisa.reiheld@csagroup.org)

### Revise as follows:

**706.3 Water quality.** Nonpotable water for each end use application shall meet the minimum water quality requirements as established for the application by the laws, rules and ordinances applicable in the jurisdiction. Where the jurisdiction does not have an applicable ordinance for nonpotable water quality, the water shall meet the minimum water quality requirements of CSA B128.3.

### Add new standard as follows:

#### CSA

#### B128.3-12 Performance of non-potable water reuse systems

**Reason:** The addition of the alternative option to follow CSA B128.3 "Performance of non-potable water reuse systems" gives criteria for jurisdictions that do not have their own ordinances currently in place.

**Cost Impact:** Will not increase the cost of construction.

**Analysis:** A review of the standard proposed for inclusion in the code, CSA B128.3-12, with regard to the ICC criteria for referenced standards (Section 3.6 of CP#28) will be posted on the ICC website on or before April 1, 2014.
