709.6

Proponent: Lisa Reiheld, Canadian Standards Association, representing CSA Group
(lisa.reiheld@csagroup.org)

Revise as follows:

709.6 Approved components and materials. Piping, plumbing components, and material used in the reclaimed water systems shall be manufactured of material *approved* for the intended application as specified in the *International Plumbing Code*.

Reason: Adding reference to components and materials as those specified in IPC makes this section consistent with other sections referring to IPC requirements.

Cost Impact: Will not increase the cost of construction.
