

# GG128-14

## 404.2.1

**Proponent:** Maureen Traxler, representing City of Seattle Dept. of Planning & Development  
(maureen.traxler@seattle.gov)

**Revise as follows:**

**404.2.1 Treatment.** The treatment required to maintain appropriate water quality shall ~~comply with~~  
be determined by the authority having jurisdiction.

**Reason:** This proposal corrects the choice of words in this section. It is possible to "comply with" Codes and rules, not with a person.

**Cost Impact:** Will not increase the cost of construction.
