

# GG281-14

## 1001.1

**Proponent:** Susan Gitlin, U.S. Environmental Protection Agency, representing US Environmental Protection Agency (gitlin.susan@epa.gov)

**Revise as follows:**

**1001.1 Scope.** The provisions of this chapter shall control the alteration, repair, addition, maintenance and operation and change of occupancy of existing buildings and structures. Relocated existing buildings shall comply with Chapter 10 and Chapter 4. Existing building sites shall comply with Chapter 11.

**Reason:** The relocation of buildings will require a new site. There is nothing in Chapter 10 that provides protection for the site, but the site deserves protection to the same level as required for new construction. The intent of this code change proposal is to add that protection.

**Cost Impact:** Will increase the cost of construction. The code change proposal would increase the cost of construction for relocated buildings.
