Building Safety Month

From the Governor of the State of Maryland

Proclamation

The Governor of the State of Maryland, in recognition of the importance of building safety and the need for measures to ensure the safety of our citizens, hereby proclaim May 2019 as Building Safety Month. This observance is designed to increase awareness among the public and professionals of the significance of building safety and the role that chaque person can play in ensuring the safety of our communities. Throughout May, various events and initiatives will be held to raise awareness and promote building safety. The Governor encourages all citizens to participate in these efforts and to make building safety a priority in their daily lives. May 2019 is Building Safety Month, a time to raise awareness and action towards ensuring safer buildings for all.
