

IECC COMMERCIAL COMMITTEE

FINAL RESULTS OF CHANGES TO PUBLIC COMMENT DRAFT #2 PROCESS (11/3/23)

On May 17, 2023, energy.cdpass.com was opened for public comment on the IECC Commercial Public Comment Draft #2. The submittal deadline was June 30, 2022.

A total of 153 comments were received, 95 were found in order under the [ICC Consensus Procedures](#). In addition, 6 committee proposals were submitted.

Following the posting of the proposals, the IECC – C Subcommittees initiated their review of the proposals that fell under their scope. The process resulted in Subcommittee recommendations being forwarded to the Consensus Committee for review and action. All Subcommittee and Consensus Committee meetings were open meetings. The IECC – C Consensus Committee finished their review and action on the submitted proposals at their September 13, 2023 meeting.

Following the last meeting of the Consensus Committee, the ballot process for all the code changes approved by the committee in accordance with the ICC Consensus Procedures was initiated on September 18, 2023. The ballot process concluded on November 2, 2023 .

The Final Results of the ballot process was the approval of all balloted code changes by a 2/3 vote in accordance with Section 9.4 of the ICC CP.

The approved code changes will be incorporated into the final draft of the 2024 IECC Commercial. The submittal period for appeals now commences in accordance with [Council Policy #1](#). The deadline for complete submittal of appeals is Sunday, December 3 at 11:59 pm Pacific.
