International Code Council
Nominating Committee

Dear Members of the Nominating Committee:

On behalf of the Iowa Association of Building Officials, I am pleased to offer our strong support for JC Hudgison for reelection as Section F Director on the International Code Council Board of Directors.

JC has demonstrated a strong commitment to the International Code Council, the building safety profession, and the communities served by code officials across the country. His experience, leadership, and understanding of the challenges facing building departments make him a valuable voice on the ICC Board. We believe his continued service will help ensure that the perspectives of code officials and the jurisdictions they serve remain an important part of ICC's direction and decision-making.

IABO particularly appreciates JC's commitment to collaboration and his willingness to engage with code professionals from jurisdictions of all sizes. The building safety profession continues to face significant challenges, including workforce development, increasing construction complexity, technological changes, and the need to maintain effective and consistent code administration. Strong leadership at ICC is essential to addressing these issues, and we believe JC is well positioned to continue contributing to that effort.

The Iowa Association of Building Officials respectfully and enthusiastically supports JC Hudgison for reelection as Section F Director. We encourage the Nominating Committee and ICC membership to support his continued service on the ICC Board of Directors.

Thank you for your consideration of our endorsement.

Sincerely,

Luke Maloney
President
Iowa Association of Building Officials
