Birmingham, AL 35213

Dear Chairman Tom and ICC Nominating Committee,

On behalf of PermitTechNation (PTN), I am pleased to endorse the re-election of Jack Applegate to the ICC Board of Directors as an At-Large Director.

Jack Applegate has not only worked in promoting the visibility of Permit Technicians within the industry, but has served on numerous ICC committees, councils, state advisory boards, been the liaison for the Indigenous Peoples Chapter. He has promoted inclusivity, cultural awareness, and opportunities for Indigenous members within our organization to become certified code officials, adopt codes, and share ideas.

Director Applegate's business experience, management expertise, and commitment to volunteer service, along with his service as a Building Official, President, and CEO while contributing to ICC's code development, are proof of his dedication to the building industry.

PTN believes that Director Applegate's continued involvement as an ICC Director At-Large will be beneficial to the future of this industry.

Thank you for your time and consideration.

Respectfully –

Serena Locke, President
