Dear Chairperson Tom,

I am writing to formally submit my letter to seek election to the International Code Council Board of Directors for the Director at Large position or anywhere the nomination committee deems necessary for the betterment of the organization.

With more than 30 years in the construction industry and more than two decades in the Building Code Enforcement, I have dedicated my career to the advancement, implementation, accessibility of building codes that protect the health, safety, and welfare of the general public. My deep commitment has been reinforced through my leadership roles, including being a Panelist at the Chapter Leadership Academy, being the current President of the Building Officials Association of Georgia, and as Past President of the Northeast Georgia Inspectors Association.

My primary area of expertise lies within the building codes, and I have continually advocated for consistency, clarity, and modernization in their application. As a Board member, my foremost priority would be to ensure that the membership is provided equitable access to the codes upon which they depend on, whether in the field, in the office, or in a classroom setting. Having the necessary tools is crucial to achieving compliance, ensuring safety, and maintaining professionalism.

If elected, I bring a voice grounded in practical experience, a passion for service, and a proven record of leadership within our profession. I am committed to the furthering ICC's mission and supporting its members in every jurisdiction, from the smallest towns to the largest cities.

Thank you for your consideration. I would be honored to serve on the ICC Board and contribute to the continued success and growth of this vital organization.

Respectfully,

James Brooker

Building Official, City of Alpharetta

President, Building Officials Association of Georgia

Past President, Northeast Georgia Inspectors Association

ICC Member 8023081
