SUBJECT: LETTER OF SUPPORT FOR ELECTION OF JESSICA FUST - ICC BOARD OF DIRECTORS SECTION B SEAT

Dear Chairman Tom and ICC Nomination Committee,

I am writing on behalf of Jessica Fust to express our support who is seeking election to the ICC Board of Directors Section B seat. After reviewing her resume, involvement, engagement and her proven performance, I am confident that she will make a positive impact on the building safety industry and the ICC Board of Directors.

With over a decade of dedicated experience in building code administration - including roles as Senior Plans Examiner, Deputy Building Official, and currently Building Official for Montana's largest municipality - Jessica has developed a combination of deep technical knowledge and practical leadership. Her earlier ten years in the private sector as a designer and construction project manager further broaden her perspective, enabling her to understand and bridge the needs of diverse stakeholders across multiple jurisdictions.

Equally important is Jessica's extensive ICC involvement - from leadership roles in Montana's ICC chapters to active participation in Region 2 and past service as both a Presidential Shadow and a Board Shadow. These experiences reflect not only dedication, but also the ability to collaborate, engage, and lead on a national stage.

ICC San Diego strongly supports Jessica Fust's candidacy for the ICC Board of Directors and am confident she will bring integrity, expertise, and a collaborative spirit to the role.

Should you have any questions or require any other information in regards to ICC San Diego Area Chapter's endorsement of Jessica Fust, please feel free to reach out to me.

Sincerely,

A handwritten signature in black ink, appearing to read "Julissa Garcia".

Julissa Garcia, CID

Past President

ICC San Diego Area Chapter

The mission of the San Diego Area Chapter of ICC is to:

Promote uniformity and consistency in the application of the building codes; and, *Promote* public health and safety through education and training programs and active participation in the code development process; and, *Promote* public awareness of the important role that building department services play in contributing to the quality of life in the San Diego Region.
