RE: Region VII Support of Jessica Fust

Dear Mr. Chairman and Members of the Committee,

ICC Region VII Officials offers our support of Ms. Jessica Fust to the nominating committee for election to the Board of Directors of the International Code Council.

Jessica's professional qualifications are extensive and highly relevant. With over a decade of experience in building code administration, she offers a strong understanding of both public and private sector needs. Her background as a designer and construction project manager gives her a broad perspective, allowing her to address the needs of stakeholders across multiple jurisdictions.

Beyond her professional roles, Jessica has a long history of involvement with the International Code Council. Her service includes leadership roles in Montana ICC chapters and active participation at the regional and national levels. Her experience as both a Presidential Shadow and a Board Shadow demonstrates her commitment to collaborating and leading on a national stage.

Based on her performance, technical knowledge, and ICC involvement, Jessica Fust would be an outstanding asset The International Code Council's Board of Directors. Her track record of leadership and innovation makes her qualified for this opportunity.

Sincerely,

*Sydonia Garrett*
