

International Code Council Shasta Cascade Chapter

Letter of Support

June 4, 2021

To the Nominating Committee Chairman ICC:

The Shasta Cascade Chapter of the International Code Council has voted to unanimously support James W. “Jim” Sayers and encourage his pursuit for reelection as Director at Large to the ICC Board of Directors. Jim has built a strong relationship and become an important liaison for our Chapter. He consistently attends our monthly Chapter meetings and provides useful information and insight to our members.

Our Chapter is the northern-most ICC Chapter in California consisting of several small city jurisdictions and very large counties with sparse populations. Most of the employees for these cities and counties deal with wide varieties of job descriptions and our members are one-man operations, which makes Jim’s involvement addressing and understanding administrative issues a substantial asset.

The Shasta Cascade Chapter would be honored to aid in retaining Mr. Sayers as a representative to the ICC board of Directors.

Respectfully,

Steve Ayers

President Shasta Cascade Chapter
