Birmingham, AL 35213

RE: James W. "Jim" Sayers – Re-election to ICC Board of Directors

Dear Mr. Bryant and Committee Members:

The Wyoming Association of Permit Technicians (WYAPT), a Chapter of International Code Council strongly supports James W. "Jim" Sayers for an At-Large Director on the Board of Directors of the International Code Council.

Jim has been an advocate for the ICC chapters and members to keep them informed of the issues and to assist in their success. He has diligently kept informed of the issues that affect local, state and regional chapters. His experience in the construction industry for nearly 40 years is an asset to the ICC Board of Directors. Mr. Sayers understands the importance of listening and understanding the perspective of all the organization's members. Therefore, ensuring that ICC continues to remain a leader in the building safety industry both nationally and globally.

As an At-Large Director, we believe he will excel in helping to guide the business of the International Code Council while remaining focused on how to best serve all the members of the organization.

Respectfully,

Kristi Petersen, President

Wyoming Association of Permit Technicians

Mission Statement: Permit Technicians dedicated to promoting safe building practices, building codes, building code education, and careers in the building construction industry for the betterment of our communities and our country.
