Early bird registration open for the International Code Council's 2022 Annual Conference, Expo and Hearings

This year's event provides educational and networking opportunities and public comment hearings for the 2024 I-Codes

Washington, D.C. – The International Code Council will be hosting its 2022 Annual Conference, Expo and Public Comment Hearings in Louisville, Kentucky, from September 11-20, 2022. The event will provide extensive networking and learning opportunities for building safety professionals to learn new skills, share best practices and attend keynote speeches from industry leaders.

Participants can take advantage of the early bird discounts by registering for the event before Monday, August 1. Early bird registrants will also receive a free conference polo shirt. [Register now to get the early bird discount.](#)

The Code Council's Annual Conference will commence on Sunday, September 11, with the ICC Expo. The expo provides a [platform for exhibitors](#) to share the latest innovative technologies in the building industry and educate the community on building safety and design. The conference will take place from September 11-14 and will feature several events such as the Annual Business Meeting which will provide CEU's to participants, a leadership luncheon, building tours and educational sessions. For more information, there is a [schedule of events](#) available to view on the conference website.

Following the conference, attendees can participate in the Group B Public Comment Hearings on the development of the 2024 International Codes. The I-Codes are the most widely accepted, comprehensive set of model codes and standards used around the world.

"The Code Council's Annual Conference brings together some of the brightest minds in the building community," said Code Council Board of Directors President Cindy Davis, CBO. "We encourage all professionals who are dedicated to building safety to attend our conference and hearings to take advantage of valuable training and networking as well as the opportunity to participate in the code development process."

2022 Annual Conference major sponsors include [American Gas Association](#), [iPlanTables.com](#) and [LiUNA](#). Sponsorship opportunities are available; download the [2022 Visibility Prospectus](#) to learn more.

Visit www.iccsafe.org/conference for more information and use the hashtag #ICCAC2022 to join the conversation on social media.
