Re: Letter of Support- Mr. Marty Moseley

Dear Chairman,

On behalf of the Southern Tier Building Officials Association (STBOA), I am pleased to offer our unanimous endorsement and strongest support for the candidacy of Marty Moseley for election to the International Code Council Board of Directors for the Section E seat.

Marty brings over two decades of progressive experience in building construction, code enforcement, and municipal leadership, currently serving as Director of Code Enforcement for the Town of Ithaca. Marty has demonstrated exceptional leadership within our profession at both the regional and state levels. He served as President of the Southern Tier Building Officials Association (STBOA) and as President of the New York State Building Officials Conference (NYSBOC). In these roles, he fostered collaboration, strengthened member engagement, and advanced professional development opportunities for code officials across New York State.

His service extends well beyond these positions. Marty currently serves as Chairman of the Legislative Committee for NYSBOC, where he actively monitors and engages in legislation impacting code enforcement and building safety. He also represents our profession as a Voting Delegate to ICC Region VI and serves on multiple ICC committees, including the Code Development Committee, Membership Council, and the Vote for Your Codes Committee, where he now serves in a leadership capacity.

Marty's extensive involvement demonstrates his unwavering commitment to advancing the profession and protecting public safety. His ability to collaborate across disciplines, build relationships with stakeholders, and advocate for effective code development makes him an outstanding candidate for the ICC Board of Directors.

It is the sincere hope of STBOA that Marty will continue to serve the International Code Council in this capacity, where his experience, leadership, and dedication will benefit the organization and code professionals nationwide.

Sincerely,

Shelley A. Knickerbocker

Shelley A. Knickerbocker
President
Southern Tier Building Officials Association
