Dear Chairman Spencer,

On behalf of the Western Southern Tier Building Officials Association (WSTBOA), I am pleased to offer this letter of support for Marty Moseley in his candidacy for the International Code Council Board of Directors, Section E seat, at the 2026 Annual Business Meeting.

Mr. Moseley brings an exceptional depth of experience to this role, with over 25 years in the building industry, including 19 years in municipal government and 17 years serving as a building official. In his current position as Director of Code Enforcement for the Town of Ithaca, he has demonstrated a strong commitment to public safety, code compliance, and responsible development. His leadership reflects a balanced and collaborative approach, fostering productive relationships among stakeholders while maintaining high professional standards.

Beyond his municipal responsibilities, Mr. Moseley has consistently shown dedication to advancing the building official profession. His service as President of both the Southern Tier Building Officials Association and the New York State Building Officials Conference, along with his current role as Vice Chairman of ICC Region VI, highlights his proven leadership and

commitment to professional organizations. His involvement in committees and legislative initiatives further underscores his ability to effectively represent and advocate for the interests of the code enforcement community.

Mr. Moseley's efforts to promote education, workforce development, and industry collaboration, particularly through partnerships with educational institutions, demonstrate forward-thinking leadership that will benefit the ICC and its membership. His ability to build meaningful relationships with policymakers and stakeholders' positions him well to contribute to informed decision-making at the international level.

Based on his extensive experience, leadership, and dedication to the profession, we strongly support Mr. Moseley's candidacy and believe he will be a valuable addition to the ICC Board of Directors.
